WELCOME TO THE

Children's Services Training Hub!

At The Children's Services Training Hub, we recognise that your workforce has a unique set of skills and life experiences that enable them to understand young people and provide them with exceptional support.

We provide CPD accredited training for children's services personnel and young people. Our online and face-to-face training is engaging, interactive and impactful, all while covering the required standards and regulations.

Our courses are created by leading subject matter experts who work specifically within the children's services sector. We provide vocational and wellbeing courses, as well as preventative courses and those which teach life skills.

Mission Statement and Values

At The Children's Services Training Hub, we recognise that your workforce has a unique set of skills and life experiences that enable them to understand young people and provide them with exceptional support.

Our Mission

To empower your workforce and young people in equal measure to achieve successful outcomes

Our Innovation

To provide the UK's largest portfolio of training resources, created specifically for children's services personnel and young people

Our Strategy

To work hand-in-hand with your workforce and young people to ensure we continue to deliver effective training solutions, on-demand

Our Execution

To increase accessibility through our evolving learning management system (LMS) whilst providing you with the tools to assess, manage and mentor

Moving Forward

To deliver training resources in an ever-changing world, whether online, face-to-face, via live stream or by virtual or augmented reality

Who Do We Work With

We are The Children's Services Training Hub, the UK's leading provider of training specific to children's services personnel.

At The Children's Services Training Hub, we work with over 85% of Local Authorities and 70% of the private sector.

We are proud to be successfully working with over 75,000 children's services personnel and young people across the UK.

Some of our most trusted partners

**We are
proud to be
featured on**

BBC Forbes

The Children's Services Training Hub is proud to have appeared multiple times on the BBC for the resources provided to young people on subjects such as gangs, knife crime, suicide and many more.

We have been recognised on FORBES as a training provider that places young people at the heart of everything we do.

Online Training

The Children's Services Training Hub is the UK's leading provider of online training specific to the children's services sector.

Online Training Benefits

Young People

The Big Initiative is a global social enterprise designed to support every single person on the planet with resources to educate, empower and inspire.

We empower young people with the skills and coping mechanisms they will need to make better choices and navigate life successfully.

Our leading experts collaborate to provide you with content-based training resources totally free of charge, for the greater good.

- Available online and as face-to-face sessions
- Allocate directly to young people
- Log into your account to view all 200+ subjects

Educate • Empower • Inspire

Why is The Big Initiative important for young people?

The Big Initiative is the only platform in the UK providing vital education to young people on the issues and challenges they face in life. With the right education, support and guidance, every young person can not only make better, informed choices but can also successfully navigate life.

Preventative Resources

We provide preventative courses that engage with young people on the day-to-day issues they may face, including gangs, knife crime, suicide, exploitation, grooming and social media. There are over 200 of these subjects available.

Life-Skill Resources

We also offer life-skill courses that are designed to empower young people with the skills they need to function independently in the adult world.

Wellbeing

The Big Initiative is a global social enterprise designed to support every single person on the planet with resources to educate, empower and inspire.

We support individuals by giving them the skills and coping mechanisms to successfully avoid or cope with mental health issues. Our leading experts collaborate with us to provide content-based training resources totally free of charge for the greater good.

Why is The Big Initiative important for individuals with mental health issues?

The Big Initiative is the only platform in the UK currently providing vital support on multiple subjects relating to mental health. Our main focus is empowering the individual not only to cope but to thrive.

Mental health

Mental health is a vital part of our lives. It impacts our emotions, thoughts and behaviours. Being emotionally healthy can promote productivity and effectiveness at work, in school or while caregiving.

Wellbeing

Feelings of wellbeing are fundamental to the overall health of the individual, enabling us to successfully overcome difficulties and achieve what we want out of life. Attitudes and outlook can impact our wellbeing, as well as past experiences such as physical or emotional trauma.

- ✓ Access as online courses
- ✓ Book as face-to-face sessions
- ✓ Allocate directly to your learners
- ✓ Learners can self-allocate
- ✓ Log in to your account to view all 150+ subjects

Why Work With Us

We are passionate about education.

We have a proven track record with over 85% of Local Authorities and 70% of the private sector actively accessing the resources we provide.

We provide training for 75,000 children's services personnel and young people. With our help, you too can access over 2,000 training resources.

Ours is a training platform that connects children's services personnel and young people with all the resources they need to feel supported and flourish.

We understand that in a fast-paced society, it is imperative that the training resources we provide to children's services personnel and young people are relevant and accessible. That is why we offer courses for use online, face-to-face, live over the internet, via video and document-based. We welcome communication with any organisation that requires access to groundbreaking training along with any experts who would like to join our network.
